## **FINDLAY AUTO GROUP HISTORY**

This is Pete Findlay back in the 60's. He flew 63 combat missions in P-38's in WWII. After the war he returned to his home town of Panaca, Nevada to operate a service station. In 1961 he founded Pete Findlay Oldsmobile in Las Vegas which has now grown into Findlay Auto Group with 24 dealerships. Three of those dealerships are in Flagstaff and are run by his Grandson Robby Findlay, who lives in Flagstaff and owns Findlay Toyota, Findlay Volkswagen and the most recent introduction to the Flagstaff Findlay family, Findlay Honda.

Unfortunately, Pete passed away in 2005, but he left behind the Findlay Legacy, which Robby Findlay is helping carry on in Flagstaff.

# General Livestock Rules

**Eric Treece, Open and Junior Livestock Coordinator.  
928-526-6346**

*In addition to the General Fair Rules, National Show Ring Code of Ethics (see page 28), and individual department rules, the following regulations shall apply to all Junior Livestock and Open Livestock entries. Any violation of these rules may result in disqualification from the fair, removal of exhibitor and exhibits from the fairgrounds, and/or forfeiture of awards. Please read all rules carefully.*

1. It is the sole responsibility of each exhibitor to learn about and adhere to all state and federal livestock requirements, whether or not published in this Fair Book. The County takes no responsibility for exhibitors not knowing or abiding by state or federal regulations.
2. All rules are subject to interpretation by CCPR. CCPR reserves the right to add to or amend these rules as deemed necessary. Willful violation of any Fair rules will result in disciplinary action, including refusal of entries or removal of entries from this and/or subsequent fairs.
3. All Junior animal exhibitors, including Horse exhibitors, must be at least nine (9) years of age and not have passed their nineteenth (19th) birthday by January 1, 2014.
4. Exhibitor must have reasonable control over his or her animal at all times while at the Fair. Any exhibitor who cannot maintain reasonable control over his or her animals will be required to remove the animal from the fairgrounds.
5. All exhibitors, parents, leaders, advisors, etc. are to conduct themselves in a proper manner. This includes proper behavior and proper dress as required by the 4-H program – no tennis shoes, open-toed shoes, t-shirts or ball caps while showing. 4-H members must conduct themselves in a showmanship manner appropriate to 4-H. Use of inappropriate language or conduct by exhibitors, parents, leaders, advisors, etc. is prohibited and is grounds for disqualification. Violation of this rule will result in expulsion from the barn, show ring, or fairgrounds.
6. When animal barns are closed for any reason, all parents, leaders, and visitors are required to leave the closed area.
7. All animals must be healthy, sound, free of drugs, and free of external parasites. No unhealthy animals will be allowed to remain on the fairgrounds and cannot be sold. If a question arises as to the health of the animal, a veterinarian will be summoned at the expense of the owner or exhibitor. Deformed and/or injured animals will not be accepted and may not be shown.
8. If any exhibitor, or parent of an exhibitor, verbally or physically confronts a judge, that exhibitor will be disqualified, and the exhibitor (and/or parents) will be required to immediately remove themselves and the exhibit(s) involved from the fairgrounds. Awards will be forfeited. Any exhibitor, parent, leader, or fairgoer who verbally or physically confronts a judge will be required to immediately remove themselves from the fairgrounds.
9. The base date for determining the age of an animal will be the first day of the Fair, unless stated otherwise in individual department rules.
10. No chemicals (except those approved in writing by the Fair management) shall be used within livestock pens or barn areas.
11. Ownership requirement of non-market livestock is 60 days prior to opening day of the Fair. Animals must be in the exhibitor's possession and under his or her daily care from that date forward.
12. All livestock exhibitors must check-in their own animals.
13. Ownership papers, ear tags, tattoos, and required health inspection papers must accompany all animals to weigh-in and check-in. Any animal without accompanying proper ownership papers and tags or tattoos will not be accepted or weighed in.
14. Check Entry Deadline and Receiving Dates and Times Schedule for all livestock.
15. All livestock must be inspected by a veterinarian and/or the Livestock Inspector during official weigh-in times. Livestock MUST be vet checked prior to being placed in barns. All livestock must have accompanying ownership/hauling papers. Animals must be checked in with appropriate Superintendents prior to being placed in barns.
16. Exhibitors who live more than 50 miles away from Flagstaff area (i.e. Page, Tuba City, etc.) may start loading and remove exhibits from the Fair Grounds at 2:30 PM on Monday. This is for all species of Livestock (large and small), and 4-H Clubwork. All exhibits MUST be returning to the exhibitor's residence. No vehicles will be allowed on the Fair Grounds before 4:00 PM. If Large Livestock is removed, exhibitor must meet barn clean-up rules before departure. Animals sold in the auction cannot be removed from the Fair Grounds prior to 4:00 PM on Monday.

Rules continued on next page.

17. All sheep and goats must meet current state and federal regulations. Also, see Sheep and Goat Departments for specific regulations.
18. All small stock (rabbits and poultry) must be vet-checked upon arrival and before being placed in a pen or a cage. Check with the Superintendent for pen or cage assignment.

After 9:00 AM there will be no unattended pans in the pens, except for water containers in the goat and sheep barns and automatic waterers in the swine barn. Evening feeding must take place before 7:30 PM. All tack and feed containers should be clearly labeled with exhibitor's name. It is also recommended that exhibitor's name be put in some obscure place on show clothes. Tools must be put away immediately after use. All tools should be clearly marked, in permanent ink, with exhibitor's name and 4-H club if applicable.
21. All exhibitors are required to completely clean out their pens, stripped to the ground, at the conclusion of the Fair.
22. Grooming of animals will only be allowed in designated areas. Please check with the Superintendent for your department's area.
23. Cleaning supplies and bedding will not be provided to each exhibitor. Exhibitors are expected to provide their own cleaning equipment and bedding. Poultry and rabbit exhibitors must check with department superintendents for feeding and cleaning directions.
24. Nothing may be hung on stalls or pens without the department Superintendent's approval. No commercial signs may be displayed in the barns without Fair management approval.
25. Breeding animals (beef, sheep, goats, rabbits, poultry) may be advertised for sale, starting Sunday at 10:00 AM. This includes both Junior and open animals. See the department Superintendent for specific advertising requirements. Exhibitors are responsible for the care, safety, and control of animals that have been sold until such animals have left the fairgrounds.

# Junior Livestock Exhibitor Grievance Procedures

In order for the Coconino County Fair to function efficiently, a grievance procedure and committee has been developed to rule on all grievances, protests or appeals related to Junior livestock departments. The Grievance Committee shall consist of the 4-H Youth Development Agent; the Livestock Coordinator; a junior livestock representative such as a 4-H leader, NAJLA or a superintendent; a representative from County Fair management; and one County Fair affiliate (superintendent, volunteer, employee, or stakeholder.) The 4-H Youth Development Agent will select the junior livestock representative and the Fair Manager or Parks and Recreation Director will select the representative from County Fair management and the County Fair affiliate. The persons assigned to each year's Grievance Committee shall be selected no later than two weeks prior to the start of the fair.

The Grievance Committee will be facilitated by the 4-H Youth Development Agent. Should it be determined that a conflict of interest exists with any of the Grievance Committee members based on the nature of the dispute, the committee will be responsible for selecting an acceptable replacement. Should members of the Grievance Committee not be present at the time of the dispute, the committee will be responsible for selecting an acceptable replacement. Decisions of this committee will be by consensus and will be final.

The Grievance Committee will consider no protest or appeal based upon the statement that the judge or judges are incompetent or have overlooked an animal. The right of an exhibitor to appeal the decision of the judge to the Grievance Committee will lie only when it is charged that the award has been made in violation of the rules governing the exhibit, or when it is charged the decision of the judge has been influenced or interfered with by another. All questions in dispute, or differences not covered by General Fair Rules, The National Show Ring Code of Ethics for the Coconino County Fair General Livestock Rules, or the Junior Livestock Rules shall be referred to the Grievance Committee whose decision shall be final.

## Procedure to file a grievance

1. A grievance or protest can only be filed by an exhibitor.
2. Notify the department Superintendent where the problem exists to allow discussion and possible resolution prior to filing a written grievance. If the situation cannot be resolved, obtain a grievance form from the Superintendent.
3. On the form, write a complete statement concerning the facts to include:
  - a. date
  - b. time
  - c. problem
  - d. signatures of interested parties, including the exhibitor
  - e. addresses and phone numbers of said parties
  - f. desire or not to present grievance to the Grievance committee
4. The appropriate department Superintendent must sign the grievance form acknowledging the grievance and will notify the exhibitor that a grievance has been filed against them.
5. The written protest must be given to a Grievance Committee member.
6. The Grievance Committee will meet with the Superintendent for further discussion and clarification.
7. The Grievance Committee will be assembled and will then meet privately to discuss the grievance and make a final decision. The final decision will be based on committee consensus.
8. Persons submitting and/or persons upon whom a grievance has been submitted may present their case to the Grievance Committee. Presenters will be given 10 minutes each. The desire to present to the Grievance Committee shall be so noted on the Grievance Form. Presenters must make themselves available to present to the committee when the committee meets and will be notified as to when said meeting will take place.
9. All decisions will be written on the back of the grievance form with the original given to the Fair Manager or Parks and Recreation Director. The decision will be given verbally to the exhibitor receiving the grievance by the 4-H Youth Development Agent. The 4-H Youth Development Agent will sign the original form with the decision. Requests for a written copy of the grievance must be submitted to the Fair Manager or Parks and Recreation Director.
10. All protests must be made to the Grievance Committee within one hour of the occurrence in question. The Grievance Committee will attempt to make a decision regarding the grievance within two hours after having received the written grievance.

# Round Robin Showmanship Procedures

Junior and Senior 4-H members who win a Showmanship class are eligible to compete in Round Robin and Supreme Round Robin Showmanship. Any Junior or Senior 4-H member who wins more than one Showmanship class must decide which species they wish to show in and notify the Livestock Coordinator immediately after the last showmanship class the exhibitor is participating in. The Reserve Showman of the species not chosen by the Grand Champion Showman will then be eligible to compete in Round Robin. Two animals from each species will be at each station. There will be a small stock as well as a large stock Round Robin competition. Showmen may compete in either or both competitions. Small stock can include Rabbit, Cavie, and Poultry. Large Stock can include Llama, Market Swine, Market Sheep, Breeding Sheep, Market Goat, Breeding Market Goat, Dairy/Non-Dairy Goat, Market Beef, Jr. Breeding Cattle, English Horse Showmanship, and Western Horse Showmanship. To qualify for Round Robin, each class must have at least 2 Showmanship entries per division (Jr. Sr.). Novice Showmanship is NOT included in Round Robin Showmanship.

Showmen may compete in Supreme Round Robin Showmanship. All showmen who wish to compete for Supreme Round Robin Showmanship must show all species present in small stock and large stock Round Robin. Junior and Senior large and small stock Round Robin showmanship winners will be determined using a point system. The Junior and Senior Supreme Showman will be selected using a combined score of large and small stock species.

1. Showmen must show the same animal that was used in the showmanship class in which they won Champion Showman or Reserve Champion Showman.
2. Each species will have appointed stations in the show ring. For example; the Junior Showman will have his/her animal at a station and the Senior Showman will have the same species at that station. (Each station will have two animals of the same species.)
3. Showman will show their own animals first. Showmen will have about five minutes at each station and will rotate around the show ring until they have shown each species.
4. Each station will have a judge. Each judge will use a scorecard to judge each Showman.
5. There will be a Junior Round Robin Champion and a Senior Round Robin Champion. A Junior and Senior Supreme Round Robin Showman will be selected from the 4-H Showman who has the most points between small and large stock for their respective age division. Showmen are not required to show both large and small stock. However, those who choose to compete for Supreme Round Robin Showman will need to compete in both large and small stock.
6. Blank scorecards will be available for review in each livestock barn.

## National Show Ring

### Code of Ethics

This Code of Ethics applies to anyone exhibiting animals at livestock shows in the United States. **It includes Junior as well as Open class exhibitors who compete in structured classes of competition.** All classes of livestock offered at the livestock event are included: Cattle, (Beef and Dairy); Goats (Angora, Boer, Dairy, Meat, Cashmere); Equine (Donkey, Horses, Mules); Llamas and other specialty animals; Poultry; Rabbits; Sheep; Swine; and any other livestock classes offered. This "National Show Ring Code of Ethics" will be enhanced with additional Department Rules which individual fairs and livestock shows impose on the local, county, state, regional, and national levels.

The following practices or procedures are unacceptable and are defined as being deceptive, fraudulent, unethical, and inhumane in the care, fitting, preparation and showing of all classes of livestock. The use of any illegal drugs is prohibited. Legal or illegal substances used to phenotypically alter the appearance of an animal entered in livestock events is prohibited (see rule #4). Use of illegal drugs is considered a pre-meditated act. Furthermore, any information obtained in the practice of illegal alteration of an animal will be turned over to the proper authorities for criminal prosecution.

**This is a "one-strike and you are out" policy.**

Exhibitor will forfeit any premium, awards, or auction proceeds, and will be prohibited from further competition at shows in the United States, as well as being subject to criminal prosecution if proven guilty.

The following is a listing of guidelines all exhibitors must follow to enter livestock at the organized competitive event.

1. All exhibitors must have viable proof of ownership available to prove length of time animals have been owned. Market animals (Beef, Sheep, Goats & Swine) must be owned and under exhibitor's daily care according to established Department Rules for the Fair. This also includes all small market animals (rabbits and poultry). The official ownership date is the date shown on the bill of sale, unless the animal was bred by the exhibitor, in which case calving or birth records must be shown. (Local rules may determine ownership requirements for non-market animals.)
2. No exhibitor may show an animal that has been previously sold at an auction or sale as a market animal through another fair or livestock show, whether or not there is an actual change of ownership (progressive level show excluded). Any method used to misrepresent the age of an animal for a class in which it is shown is deceptive and considered illegal. Showing an animal for another individual by claiming ownership in order to show in a specific livestock class or event is prohibited. False ownership is illegal.
3. Junior exhibitors are expected to care for and groom their animals while at the Fair or livestock show. (Individual consideration will be given in extenuating circumstances.) Adults will not be allowed to physically assist in the preparation of the animal while at the show. Verbal instruction will be allowed, but no physical assistance is permitted. Other 4-H members in good standing in the 4-H programs may render physical assistance. Any violations of this rule will result in immediate disqualification from the show.
4. Treating an animal internally or externally, with any irritant, counter-irritant, or other substance used to artificially change the conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to the use of graphite, powders, hemp, artificial hair coloring, common products such as fly spray, ointment or liniment used to the point that it is irritating (unless required to reduce edema at time of calving), or similar products. The use of dyes, spray paint or other artificial coloring that result in altering an animal's true and natural appearance and/or color is prohibited. Adding false hair or hair-like material fleece or skin at any point, spot or area of the animal's body is illegal and will result in immediate disqualification. Any liquid or substance not considered part of an accepted and normal diet for livestock is deemed illegal and inhumane. For example, the use of alcoholic or carbonated beverages as a drench or filler etc.
5. The use of tranquilizers, sedatives, or depressants that alter the physical or physiological state of the animal is illegal. Exceptions to this rule would be a licensed certified veterinarian's treatment for a recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The drugs must be approved by the Food and Drug Administration (FDA) for use in meat producing animals. All exhibitors shall advise Show Management of any drugs and/or medications administered to an

animal that might be detected at the time of showing or at meat inspection. The name of the drug, its purpose, the person who administered the drug, and time and date of administration shall be presented to Show Management prior to the showing and sale of the animal. Failure to report this information to the Show Management will result in severe penalty and/or disqualification. Any use of drugs or substances not approved by the FDA is strictly prohibited. All animals entered into livestock competition shall be subject to testing for foreign substances that exceed acceptable levels established FDA, Food Safety Inspection Service, U.S. Department of Agriculture (USDA), or Environmental Protection Agency. During the livestock events, in the case of animals requiring treatment, all medications shall be administered by a licensed veterinarian and the livestock show officials shall be notified.

6. Surgery, injection or insertion of foreign material under the skin and/or into the flesh of an animal to change the natural contour, conformation or appearance of an animal's body is illegal. This includes vegetable oil, silicon or any other substance used to alter the shape of the animal. Acceptable practices of physical preparation that are allowed include clipping of hair, trimming of hooves, dehorning, or removal of ancillary teats.
7. The balancing of the udder by abnormal means that include the use of a mechanical contrivance or the injection of fluid or drugs, setting the teats and/or occluding (sealing the ends with a mechanical contrivance) or with the use of a chemical preparation is illegal. Treating or massaging the udder or its attachments with an irritant or counter irritant is prohibited.
8. The use of inhumane fitting, show ring, and/or handling practices or devices shall not be tolerated. For example, breaking of tails, striking of the animal to cause swelling or for bracing purposes, use of an electrical contrivance, or use of overly severe bits is not acceptable.
9. Direct criticism or interference with the judge, Show Management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited.
10. An exhibitor who sells an animal at auction shall be held directly responsible for animals that are subsequently rejected at a processing center due to the presence of foreign residues. The seller may be liable to the buyer for an amount equal to three times the purchase price, and may also be liable for attorney's fees and civil penalties. Show Management may share acceptable intelligence and evidence information with FDA and USDA. If for any reason, any part of a meat animal carcass must be removed by the FDA or USDA inspectors, the market price will be discounted.
11. Show Management reserves the right to require animal health certificates. Health inspections and diagnostic tests may be made before or after animals are on the livestock show premises for exhibitor and animal safety, or the inaugurate disease control procedures which may become necessary in emergencies as determined by animal health officials.

Any violation of "The National Show Ring Code of Ethics" or specific rules as designated by individual fairs and livestock shows will result in forfeiture of awards and disqualification, and may result in probationary status and/or loss of eligibility for future participation in organized livestock competition. Possible civil penalties may be imposed by the proper authorities based on evidence of a violation of the Federal Food, Drug and Cosmetic Act, or animal mistreatment, neglect, and abandonment laws that apply on the local, state, and national levels.

Other cooperating shows will be notified of the action taken by Show Management, which may affect the eligibility of the individual, group or sponsoring organization for participation at other shows. CCPR will have the final decision.

# Northern Arizona Junior Livestock Association, Inc. Auction Rules

NORTHERN ARIZONA JUNIOR LIVESTOCK ASSOCIATION, INC.  
2015 AUCTION RULES

These rules give an overview of the auction and exhibitor requirements. An exhibitor's entry into the livestock auction represents an explicit agreement by the exhibitor and the exhibitor's parent, or guardian, with all of the following rules and penalties. All animals intended for human consumption offered for sale in the auction must 1) meet residue tolerances established by USDA/FDA and 2) be free of any substance not approved of by the USDA/FDA ([www.usda.gov](http://www.usda.gov)). NAJLA is not part of 4H or the Coconino County Fair. These rules and their enforcement are totally separate from 4H.

All questions regarding the Junior Livestock Auction Rules and exhibitor requirements should be addressed to;

## I. GENERAL RULES

The Livestock Auction is under the management of Northern Arizona Junior Livestock Association, Inc., hereafter referred to as NAJLA. The Livestock Auction is limited to Market Steers, Market Sheep, Market Hogs, Meat Goats, Market Rabbits and Market Poultry. NAJLA has the sole authority in the interpretation and enforcement of the Auction rules.

### A. NOTIFICATION:

1. NAJLA reserves the right to test any animal officially entered in any division eligible to sell in the Livestock Sale, for any substances including drugs/medications or feed additives.

2. For the 2015 Coconino County Fair, at a minimum, the Grand and Reserve Champion livestock animals (beef, sheep, swine, and meat goat) will be tested. Tissue, blood and urine samples may be collected. Blood and urine samples will be collected as soon as possible after the Grand and Reserve Champions are selected and/or as required. This will be a terminal sale for the Livestock Grand and Reserve Champion animals. Other animals entered in the market shows may be tested. Tissue, blood and urine samples may be collected. A drug testing fee of \$10.00 will be deducted from all market animals excluding poultry and rabbits.

3. Exhibitors who want to withdraw their market animal from the Jr. Livestock Auction must complete a Withdrawal Slip available from your barn superintendent, and return it to Sandy Engelke or Laura Kelley by 6:00PM on FRIDAY, Sept. 4th. If you do not fill out this form and return it by the deadline, you will be required to sell your animal in the Auction. If you fail to bring your animal into the Auction, or if you remove your animal from the sale ring before the sale is complete, you will be prohibited from selling at future Coconino County Jr. Livestock Auction's.

4. Animals are not the responsibility of NAJLA, Coconino County, the Coconino County Fair or Cooperative Extension. Each exhibitor is responsible for the care and feeding of all project animals until they are released by the Superintendent on September 7, 2015, at 4:00p.m.

The exhibitor will not be entitled to monetary compensation for the forfeited animal(s) and may be liable for costs incurred.

#### D. EXHIBITOR'S RESPONSIBILITIES:

##### FOREIGN SUBSTANCE

1. It is the exhibitor's responsibility to submit a market animal intended for human consumption with 1) residue tolerances within guidelines established by USDA/FDA and 2) be free of any substance not approved of by the USDA/FDA. Exhibitors and their families should exercise special care when administering any products to or on their animals. DO NOT USE over the counter products made for human consumption or use. Use only products labeled as acceptable for species-specific market animal use. Other products may produce a residue in the meat and render the carcass unacceptable by the USDA/FDA. NAJLA reserves the right to require the exhibitor to submit the appropriate documentation proving that the animal is residue free or pay for the required testing.

2. The exhibitor and/or immediate family must notify the Weigh Master of ANY substance which was administered to the animal prior to arrival at the Coconino County Fair and which has not met the required withdrawal period for that substance. These include, but are not limited to: growth stimulants, drugs/medication, and/or feed/water additives (i.e. antibiotics, wormers). Notification must be made in writing prior to check-in/weigh-in/penning of animal at the Coconino County Fair. The Superintendent will notify the President of NAJLA of the declaration.

3. If it is necessary to administer any USDA/FDA approved species-specific market animal drug/medication, during the time market livestock projects are housed at the Coconino County Fair, NAJLA must be notified in writing prior to any administrations. If situations warrant, such as medical emergency, that a NAJLA Executive Board member cannot be notified prior to administration of drug/medication, or feed/water additive, the exhibitor and/or his/her immediate family must notify the NAJLA within ten (10) hours of administration of drug/medication, or feed/water additive

except in cases immediately prior to the auction, when notification must take place prior to the animal entering the sale ring. Exhibitor will notify the Executive Board of NAJLA of the declaration.

4. If any animal is being treated with USDA/FDA approved species specific market animal drug/medication and a delayed market date is needed to ensure a residue free carcass, it is the exhibitor's responsibility to ensure that appropriate announcement of the delayed market requirement is submitted in writing with the prescribed requirement to NAJLA prior to entering the sale ring. The exhibitor will then be responsible for maintaining the animal until it is residue free and then delivering the animal to the designated location (packer, buyer etc.) Grand and Reserve Grand Champion animals requiring a delayed slaughter date will be treated on an individual basis with special handling as required.

5. Sale money will be withheld until tests are complete.

6. Exhibit Sale Disposition: If it is proven that an animal has received or tests report the positive presence of drugs/medication, or feed/water additive(s) not approved by the USDA, FDA, or above the USDA guideline residue levels and/or not in compliance with the USDA Wholesome Meat Act, in any test or procedure, that animal will be disqualified and the exhibitor declared ineligible to receive sale proceeds or packer monies (if applicable). The carcass of a disqualified animal will be disposed of per instructions from USDA or FDA or the State of Arizona. The Buyer will be given the option to void the purchase or accept a replacement carcass of equal value. However, in either event the exhibitor will not receive any of the proceeds. If any entry is disqualified because of USDA Wholesome Meat act, all disqualifications can be applied.

7. If substances or residues, including drugs/medications, or feed/water additives, as defined above, are found in the tissue of the carcasses of animals entered/sold through the NAJLA sale, NAJLA will in no way be held liable or responsible for condition of carcass or sale price of animal. Further, the exhibitor and his/her family will indemnify and hold harmless NAJLA and all of its sponsors and assisting organizations, their employees and agents, against all legal or other proceedings in connection with said drug testing. The exhibitor and his/her family will indemnify and hold harmless the show and its sponsors and assisting organizations against all claims for injury to any person or property caused by any animal and/or its meat.

8. If the exhibitor's animal is condemned for anything other than illegal drug use, the Buyer has the option to refuse the product and void the purchase or accept a replacement carcass of equal value at the exhibitor's expense. If buyer voids the sale and refuses a replacement carcass, the exhibitor receives no compensation and may be liable for costs incurred.

**E. EXHIBITOR'S PENALTIES:**

If animals intended for human consumption are found with 1) residue tolerances not within guidelines established by USDA/FDA, 2) substances not approved of by the USDA/FDA and/or 3) if the substance is approved and the exhibitor fails to meet the requirements of withdrawal times and/or 4) fails to declare any medication and/or feed/water additives that have not met USDA/FDA withdrawal times at check in:

1. Exhibitor will be barred from consigning any/all animals to the NAJLA Livestock sales.
2. Exhibitor will forfeit all auction sale money associated with the contaminated animal and be subject to all disposal charges.
3. Anyone caught tampering per the above substance abuse violation with their own or another animal will be prohibited from the sale.
4. A written request for an appeal of the ban from the sale can be submitted to NAJLA.

**II. EXHIBITOR INCIDENT AND GRIEVANCE**

The NAJLA Grievance Committee will only accept grievances that relate to procedures, rules and incident's that are under the management of the Northern Arizona

Jr. Livestock Association. Grievances relating to livestock shows and individual livestock barn issues should be directed to the Coconino County Fair Superintendent for the specific barn. The NAJLA Grievance committee is a five member committee whose members have no family relationship to a current Jr. Market Livestock Exhibitor.

A grievance must be written on a NAJLA Exhibitor Incident and Grievance Form, available from a NAJLA executive committee member, and given to the NAJLA Grievance Committee Chairperson within three hours of a protested occurrence. A grievance may only be filed by a market livestock exhibitor. Grievances will be adjudicated by the NAJLA Grievance Committee whose decision is final, and their decision will be made known to all parties involved within three hours of receipt of the Exhibitor Grievance Form. The NAJLA Grievance Committee will read the grievance as presented by the exhibitor. NAJLA reserves the right to discuss the grievance with anyone they deem necessary in resolving the grievance, including, but not limited to all parties named in the grievance. You will receive a copy of the form, and a copy of the written decision. 2015 Grievance Committee Chair is, Sandy Engelke.

In 1961 he founded Pete Findlay Oldsmobile in Las Vegas which has now grown into Findlay Auto Group with 24 dealerships. Three of those dealerships are in Flagstaff and are run by his Grandson Robby Findlay, who lives in Flagstaff and owns Findlay Toyota, Findlay Volkswagen and the most recent introduction to the Flagstaff Findlay family, Findlay Honda.

Unfortunately, Pete passed away in 2005, but he left behind the Findlay Legacy, which Robby Findlay is helping carry on in Flagstaff.

## HOW TO CHOOSE AND CONDITION SPECIMENS

1. Material for exhibition should be cut in the very early morning or late evening. Most plant material should be placed in warm deep water in a dark or shaded place away from all drafts, and left for several hours or overnight.
2. A mixture of lemon lime soda (not diet soda) and water (equal parts) will keep cut flowers fresh longer. Let this set 1/2 hour before adding flowers. Cut flower on a slant with a sharp blade, leaving enough stem to be re-cut again at the time of entry. Where possible, remove foliage from at least half of the length of the stem. At the time of entry, re-cut on a slant at least 1/2" above the end of stem.
3. If the blossoms must be transported some distance, they should be packed carefully in boxes and the flowers separated and protected with waxed paper. Very delicate blossoms should be carried in an upright position in tall cans or buckets half-filled with cool water. Crushed paper, sphagnum moss, sand or plastic snow may be used around the stems to hold them in place.
4. When selecting horticultural specimens, choose blossoms at the "peak of perfection". They should be uniform in size with stems straight, sturdy, and approximately the same length. Dust or spray residue should be carefully washed away.
5. Roses for exhibition should be cut when buds are one-third to one-half open. Roses, dahlias, poppies and any other flower that "bleeds" should be placed in fairly hot water after cutting.
6. Many specimens may be kept for several days at the "peak of perfection" by wrapping them in waxed paper or plastic, and keeping them in the refrigerator, with stems in water.

*Note: All youth entries will use the same lot numbers as the adult entries. Specify on the entry form by writing A (adult) or Y (youth) in the class code column.*
